

## NNEPQIN Fall Conference | November 11 – 12, 2019

### Strategies for the Rapid Adoption of Best Practices in Perinatal and Neonatal Care Omni Mount Washington Resort, Bretton Woods NH

#### Target Audience

Hospital-Based Teams of Obstetricians, Midwives, Pediatricians, Family Practitioners Perinatal Nurses, Nurse Practitioners, Risk Managers and Administrators

#### Event Overview & Learning Outcome Statement

Please join us at the NNEPQIN Fall Meeting, a two-day event designed to address the challenging obstetrical and neonatal issues facing the entire multidisciplinary team. At the conclusion of this activity, the learner will be able to discuss at least three strategies to improve quality and reduce inequities in perinatal care, while incorporating new guidelines to optimize maternal and neonatal outcomes. Bring your team to help optimize your outcomes!
