Maternal-Child Health (MCH) Affiliated Appointees:

MAINE: TBD

NEW HAMPSHIRE:

TBD

VERMONT: TBD

Obstetric Committee & Neonatal Committee

Open to NNEPQIN members with interest in topics

- Provides direction for clinical guidelines and conference planning around important and timely topics
- Connects Steering Committee to priorities as established by ACOG, AAP, AWHONN, ACNM, & other professional organizations
- Fosters collaboration across disciplines and sites for NNEPQIN projects

Meetings: Monthly

Alliance for Innovation in Maternal Health (AIM) Committee

To be created 2020

Open to NNEPQIN members interested in leading QI projects, data analysis and reporting related to the Alliance for Innovation in Maternal Health program.

- Reviews data dashboards for hospitals across the NNEPQIN organization
- Implements and supports AIM Bundle work groups
- Reports out findings, progress, & outcomes at NNEPQIN meetings
- Includes MCH staff from participating State Depts of Health

Meetings: TBD

Confidential Review & Improvement Board (CRIB)

Requires BAA

Open to NNEPQIN member organizations in NH & VT who sign a BAA and bring a case or assist with a case review

- Provides independent & confidential peer review of perinatal cases with unanticipated adverse outcomes, with structured feedback for participating organizations

Meetings: as needed for cases submitted; usually 2x/year

Guidelines Committee

Ad hoc

Open to NNEPQIN members who have interest in developing guidelines

- Develops topic-specific, multi-disciplinary teams to draft clinical guidelines, which are refined with broad input from NNEPQIN members
- Reviews and reaffirms or revises existing guidelines every two years or as needed based on emerging evidence

Meetings: determined by group as needed for specific guidelines
