

# NNEPQIN’s Substance-Exposed Newborn “Community of Practice” Monthly Webinar Series 2020

12-1 pm, 3<sup>rd</sup> Wed of Month

*This year’s webinar series is focused on developing a “Community of Practice” to review & collaboratively brainstorm “real life” challenging cases that address the spectrum of challenges from prenatal care to the inpatient experience to transitions to home & community with peer- and content expert-brainstorming of effective strategies to collaboratively care for mothers, infants, and families with Perinatal Substance Exposure (PSE) using trauma-informed, evidence-based compassionate care & communication. Webinars are aligned with the national AIM initiative to improve maternal-infant outcomes and aim to engage all perinatal health care providers and community agencies/partners who care for mothers, infants, and families with PSE in our region. Birthing hospitals are encouraged to invite their Community of Practice partners to attend monthly webinars on site and/or remotely by webex / phone.*

*The following is a proposed webinar schedule. Webinar topics may change based on the needs/desires of this learning collaborative. Communities of Practice are encouraged to contact Bonny Whalen at [Bonny.L.Whalen@hitchcock.org](mailto:Bonny.L.Whalen@hitchcock.org) with any challenging cases that they would like to discuss and/or think would serve as a good case for inter-disciplinary discussion.*

*If you would like to be added to the NNEPQIN Substance-exposed Newborn monthly webinar series, please email: Karen G. Lee at [Karen.G.Lee@hitchcock.org](mailto:Karen.G.Lee@hitchcock.org)*

*An additional goal for this year is to use these cases and the collaborative brainstorming of webinar presenters, panelists, and attendees to create additional standardized cases/learning modules for inter-disciplinary learning.*
