

# NH Services & Supports for Pregnant and Parenting Women

Key	Service Organization	NH Birth Hospitals	The Doorways-NH ( <a href="http://www.thedoorway.nh.gov/">http://www.thedoorway.nh.gov/</a> ) - A hub and spoke system which involves nine regional "Hubs" that will serve as the single point of entry to connect individuals with alcohol and/or other drug problems with local providers – the "Spokes" – for treatment and recovery support services.	Integrated Programs Programs offering maternity care and buprenorphine treatment in addition to other services and supports such as behavioral health, case management and recovery support services.	Substance Use Disorder Treatment Programs Programs offering treatment and recovery support services specifically for pregnant and parenting women with substance use and co-occurring mental health disorders.
