

Keeping the Momentum Going: Meeting Perinatal Quality Measures During COVID

Course Description

This course offers perinatal teams support tools to continue to work on quality improvement initiatives during the COVID-19 pandemic. A multidisciplinary panel of specialists will share latest developments and guidelines, discuss management of patient cases presented by participants and answer questions during the hour-long sessions.

Developed in partnership with NNEPQIN.

Who Should Attend

Maine, Vermont & New Hampshire Perinatal Care Teams

Schedule

Sessions will be held the 4th Thursday of every month from 12:00-1:00pm starting July 23rd through October 22nd.

Submit your cases across the perinatal/neonatal continuum of care to help guide the discussion:

What is Project ECHO?

Project ECHO (Extension for Community Healthcare Outcomes) is a telementoring model. Virtual technology is used to support case-based learning and provide education. This will assist participants to care for more people, right where they live.

Benefits

- Participants learn from experts.
- Participants learn from each other.
- Experts learn from participants as best practices emerge.

Moving Knowledge, Not People
